

# Recent result from BESII $J/\psi$ decay

Xiaoling Li

Institute of High Energy Physics, China

Recent results at BESII will be reported. It includes Partial Wave Analysis on  $J/\psi \rightarrow \gamma\phi\phi$ <sup>[1]</sup>,  $J/\psi \rightarrow pK\Lambda$ <sup>[2]</sup> and observation of  $Y(2175)$  in  $J/\psi \rightarrow \phi f_0(980)$ <sup>[3]</sup> etc.
